Below you will find information about Canadian Visa Expert, a summary of why Canada is one of the top destinations for immigration, various visa options, and the advantages of using our professional services.

About Us

Canadian Visa Expert is a team of professional and legal experts dedicated to helping people obtain a Permanent Resident Visa for Canada. Our immigration consultants are registered with the Immigration Consultants of Canada Regulatory Council (ICCRC), which means they are authorized by the Canadian government to provide professional immigration services for Canada. We are not, however, affiliated in any way with the Canadian government which issues the Visas for Canada.

Moving to a new country is an exciting chapter in one's life, but the process of applying for a Permanent Resident Visa can be overwhelming for many people. For example, choosing the proper Visa to apply for, understanding the points system, and knowing how professions are assessed is a complicated matter. Furthermore, Canada has a "flexible" immigration system that is responsive to the changing needs of the country and, therefore, the Canadian government is often making updates to Canada's immigration programs. Our legal team considers these factors and others when evaluating your eligibility to apply for a Permanent Resident Visa to Canada.

Our objective is to make this process as simple as possible by providing you with an individualized professional assessment of your options for a Canadian Permanent Resident Visa, as well as a team of qualified and dedicated immigration experts to help you through the Visa application process. A customer-tailored assessment gives you a clearer picture of which Visa types you may be eligible for before officially applying for them and this can save you time and money in the long run.

Canadian Visa Expert has created a 5-Phase Procedure to simplify the process of applying for a Permanent Resident Visa to live and work in Canada:

1. Our user-friendly online form facilitates assessment of your Visa eligibility;
2. We guide you through gathering the documents required for submission;
3. Our legal team thoroughly reviews all documents and legal paperwork;
4. Your Visa Application is submitted correctly to the Canadian government;
5. Help is offered through the medical review, security check and interview.
